Class 3

Brandon is looking to buy a new pair of shoes for his new exercise program he is going to start in May. He has several ideas in mind when looking for a new pair of shoes since he will be doing running and walking activities. He would like good arch support, stability as well as a lighter weight shoe. He has 132.00 to spend on these shoes. He wants to be in style when running but at the end of the day he would like comfort and support over style.
